

Reflex

Reflex Parent Reporting Account

Student: Bannon, Jacob - Grade 5

Dear Parent or Guardian,

Great news! Your child is using ExploreLearning Reflex, the world's most effective (and fun!) program for helping students master their basic addition, subtraction, multiplication, and division facts. This letter contains student login information, as well as instructions for setting up your own Reflex Parent Reporting Account that will allow you to monitor and support your child's journey to math fact fluency.

Parent Reporting Account Sign-Up

1. Go to reflexmath.com/parents
2. Follow the onscreen instructions to get free access.
3. Once you are logged in, follow the instructions to add your child.*

**To add your child, you will need information from your child's Student Login Card*

To access your reporting account in the future, visit reflexmath.com or go-el.com, then log in with your username and password.

Do not share your login with others.

It is important that other children do not share your child's account.

Since Reflex includes fun games, your child's siblings or friends may want to give it a try. Reflex continually monitors student progress and adapts to each student's needs. Because of this adaptivity, having multiple children use the same account will have a negative impact on your child's progress. You can sign up for a free 30-day trial for up to 5 other children to try Reflex, at www.reflexmath.com/trial.

Since Reflex includes fun games, your child's siblings or friends may want to give it a try. Reflex continually monitors student progress and adapts to each student's needs. Because of this adaptivity, having multiple children use the same account will have a negative impact on your child's progress. You can sign up for a free 30-day trial for up to 5 other children to try Reflex, at www.reflexmath.com/trial.

Reflex

Reflex Parent Reporting Account

Student: Seltzer, Gabrielle - Grade 5

Dear Parent or Guardian,

Great news! Your child is using ExploreLearning Reflex, the world's most effective (and fun!) program for helping students master their basic addition, subtraction, multiplication, and division facts. This letter contains student login information, as well as instructions for setting up your own Reflex Parent Reporting Account that will allow you to monitor and support your child's journey to math fact fluency.

Parent Reporting Account Sign-Up

1. Go to reflexmath.com/parents
2. Follow the onscreen instructions to get free access.
3. Once you are logged in, follow the instructions to add your child.*

**To add your child, you will need information from your child's Student Login Card*

To access your reporting account in the future, visit reflexmath.com or go-el.com, then log in with your username and password.
