

What I Found In my basement

My basement is a mess
That is something I must confess
I wonder what things I can find
A flashlight that almost made
me blind.

A wrapper from many years
The smell hurts even my ears

A bottle that's almost gone
Makes me wanna stop my song

A basketball that's all beat
Worse than smelly feet

Headphones from the store
looks like a rotten apple core

shoes from the 30s
Looks like Melos rick and
mortise

A melon not ripe
Looks like a beat down kite

A goose that's mostly loose
Looks like a rotten tooth

A weird grape

Oh, shoot I am running late

And one more thing, I must
compile

A note to mom: I love it when I
make you smile :)
